

Lyrical and poetic painter John Olsen is the inspiration for The Olsen.

Regarded as Australia's greatest living painter, Dr John Olsen is best known for his lively paintings, water colours, and etchings of all things great and small and the Australian outback. In particular his work depicting central Australia and Lake Eyre.

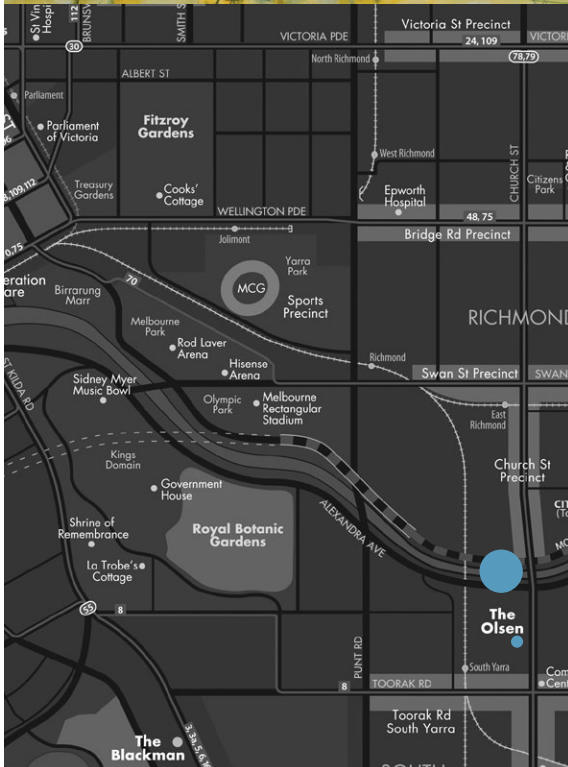

Set in the premier location of Chapel Street, South Yarra, The Olsen is the Art Series Flagship hotel and is the perfect long or short term stay for aficionados of shopping cultural seekers, corporate travel or if you just enjoy the good life.

Beautifully designed suites balance harmony and creature comforts with a splash of glamour. Step outside because at your doorstep is retail heaven, return for some pampering at the Day Spa, then sip and dine at either of the delicious restaurants.
